

## Contents

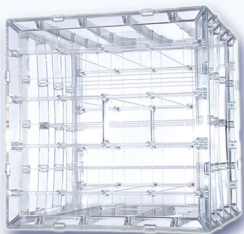

- ✓ 1 Qubic Game
- ✓ 48 Balls in two different colors

# Qubic.

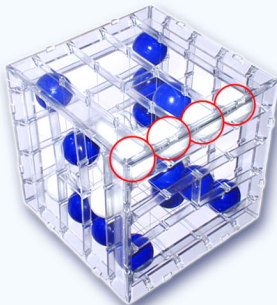

*Rediculously easy - Always a challenge!*

**4-in-a-row 3D**

**1** Start with an empty cube.

**2** Select a color and take turns in placing your balls, one at a time.

**3** The one who first gets four balls in a row wins - either straight or diagonal.

For strategies, turn the page.
